

# Airshare Proactive Protection Program

The safety of our customers and crewmembers is of the utmost importance. With that in mind, Airshare will now be taking additional steps to ensure our aircraft are clean and sanitized by utilizing MicroSure cleaning spray products.

UNIVERSAL TECHNOLOGY

EASY APPLICATION

FAST ACTING

## MicroSure Cleaning Spray

- Microsure's nano-technology allows for it to bind to any surface and prevents bacteria and virus particles from attaching to surfaces
- Works immediately
- Continues to kill bacteria, viruses, and harmful microbes even after it dries
- Certified organic
- Advanced green product
- EPA Category 4: lowest rating of toxicity and irritant (safe for humans and animals)
- Recognized on EPA List N for use against SARS-Cov-2, which causes COVID-19

**BACTERIA**  
kills 99.9%
